

# PRACTICE™ Opportunities

THE WORLD'S LARGEST COLLECTION OF PRACTICE OPPORTUNITIES

## We Guarantee

- Better Selection
- Less Competition
- Higher Compensation
- Faster Green Card
- Complete Satisfaction

## WHO?

**PRACTICE OPPORTUNITIES, INC.**, owns and **operates** the most comprehensive internet site for physician placement ([www.practice.org](http://www.practice.org)), and manages *The World's Largest Collection of Practice Opportunities!* Our program is **the single most successful placement program for FMGs ever!** By marketing your qualifications to **pre-qualified** facilities who advertise on our Web Site, and by offering you to those facilities for only 1/2 our normal fee, we are able to **guarantee you multiple placement opportunities!**

## WHERE?

We are a National Placement Agency and we are actively communicating with more than **230,000 facilities in HPSAs & MUAs throughout the country.** Of these, well over 18,000 HPSA and 3,500 MUA locations are currently hiring. Almost ALL **21,500 are willing to sponsor green cards** for the right qualified candidates. Furthermore, we can probably place you with any of over 230,000 facilities and help you to **successfully obtain permanent residency!**

## HOW?

When a facility expresses a need for a Physician, we determine their level of **willingness to sponsor your permanent residency** application. We then perform a search for a U.S. Citizen or Permanent Resident physician as a prerequisite to "labor certification". This is the only way **we can insure a successful "green card"** application! Then we restructure your Curriculum Vitae and market you to at least 40-50 of these pre-qualified facilities **within your geographic preference area!**

## WHY?

**Securing opportunities for FMGs is what we do best,** because we "pioneered" a very unique program which enables us to identify exceptional opportunities that qualify for Permanent Residency by way of either a "National Interest Waiver" petition or "Labor Certification"

Facilities want **our** candidates because we submit qualified physicians with **no paperwork hassle or legal costs to the facility!**

You benefit most because we work with facilities that are ready and willing to sponsor **your "green card"** and **we guarantee higher paying contracts!** Just give us your geographic preference and we'll do all the rest!
